BUFFALO, NY, July 12, 2013 - William S. Hein & Co., Inc. is pleased to announce that HeinOnline content has been loaded and is now available on the EBSCO Discovery Service (EDS) platform. EDS customers can now search metadata for HeinOnline on the EDS platform. All EDS customers may search HeinOnline metadata in EDS, but only HeinOnline subscribers may access full-text content on the HeinOnline site.

HeinOnline customers may use an EDS CustomLink already created in EBSCOadmin to access full-text content on HeinOnline. If you would like assistance setting up linking, please contact EBSCO customer support at eds@ebscohost.com. If you wish to add or remove this database, please use this Support FAQ on how to properly add or remove a database from your EBSCO Discovery Service profile in EBSCOadmin:

About HeinOnline: Produced by William S. Hein & Co., Inc., HeinOnline includes nearly 100 million pages of legal history available in an online, fully-searchable, image-based format. HeinOnline bridges the gap in legal history by providing comprehensive coverage from inception of more than 1,800 law and law-related periodicals. In addition to its vast collection of law journals, HeinOnline also contains the Congressional Record Bound volumes in entirety, complete coverage of the U.S. Reports back to 1754, famous world trials dating back to the early 1700′s, legal classics from the 16th to the 20th centuries, the United Nations and League of Nations Treaty Series, all United States Treaties, the Federal Register from inception in 1936, the CFR from inception in 1938, and much more. For more information about HeinOnline, please visit http://home.heinonline.org/.

About EBSCO Discovery Service: EDS provides a fast, streamlined search through a single search box, but within the context of a greater experience that pulls together intuitive features and functionality, high-end indexing via Inclusion of Subject Indexes, and instant access to critical full text, leveraged from the leading EBSCOhost research platform and databases, as well as from key information providers. And as EDS continues to evolve, the end goal remains the same—helping users to find and access the highest-quality content for the best-possible research experience. For more information about EDS, please visit: http://www.ebscohost.com/discovery.
