One-Box Search

On HeinOnline Welcome Page

- Searches across all your subscribed libraries at the same time
- Results offer facets broken down by collection/library, date, and section types
- Uses same syntax as Advanced Search options
- **EXAMPLE #1:**
 - "Affordable Care Act" AND "individual mandate"^{^3}
 - By boosting "individual mandate" it will make that phrase three times more relevant in our search results
- **Other EXAMPLES:**
 - title:"health care" AND (text:"insurance exchange" OR text:"insurance exchanges" OR text:"commerce clause")

OpenURL & ISSN Linking

Through HeinOnline Branding

- For content that is indexed in HeinOnline but not available in full-text, libraries can set up ISSN & OpenURL linking to help facilitate where to find the material in the library
 - Search for:
 - "global energy governance"
 - Results shaded in red indicate that the material is not available yet in full-text
 - If you have ISSN linking & OpenURL linking set-up, users would see a link to search your library catalog, or the OpenURL link (see screenshot below)

Catalog Search

On HeinOnline Welcome Page & Tabbed Option

- Search MARC21 Records provided by Cassidy Cataloging
- Search by:
 - Keyword Across All Fields:
 - *Espionage*
(6 results do not have espionage in the title but were found due to the MARC record metadata)
 - *"corrupt practices"*
(24 results do not have the term in the title but were found due to the MARC record metadata)
 - Publication Title (this will also search the title changes) - *"Global Trade", Yearbook*
 - Author - *"George Washington"*
 - ISSN/ISBN/LCCC - *0016-8076*
 - Series - *"Publications of the Carnegie Endowment for International Peace"*
 - Subject - *Health, Weapons*
