About The Brennan Center for Justice

The Brennan Center is a nonpartisan law and policy institute that seeks to improve the systems of democracy and justice in the United States. The Center's work focuses on a wide range of issues, such as voting rights, campaign finance reform, racial justice in criminal law, and constitutional protection in the fight against terrorism. The Center considers itself to be a think tank, public interest law firm, advocacy group and communications hub. It crafts innovative policies and fights for them in Congress and the states, in the courts, and in the court of public opinion. The Center is affiliated with New York University School of Law.

The Brennan Center's law and policy scholarship is largely written by attorneys and covers a variety of topics. The Center's publications are nonpartisan; most works are stand-alone journal-length articles. Once a year, the Center publishes a book-length volume, *Democracy and Justice: Collected Writings*, which compiles excerpts from the year's shorter scholarship and includes new material for that publication.

The Center's scholarship undergoes rigorous review by other scholars and legal practitioners who are experts in the report's field— in that way, the Brennan Center's scholarship is more scholarly than traditionally edited student law reviews.
