

AUSTRALIAN & CANADIAN ACTS OF THE PARLIAMENT

More than twenty-six years ago, William S. Hein & Co, Inc. introduced its Session Laws microfiche program. Libraries who joined the program began saving thousands of dollars every year and valuable shelf space by replacing their hardcopy book collections. Today we are doing it again, but this time in a different medium!

With HeinOnline's ***Australian & Canadian Acts of the Parliament*** digital collection, you can now access all historical and current Acts of the Parliaments of Australia and Canada in an online, fully-searchable format. To acquire the entire back file of the Acts of the Parliament for Canada and Australia on microfiche would cost you more than \$12,000! HeinOnline's digital collection offers you an affordable solution for obtaining access to the complete historical run of the Acts of the Parliament.

HeinOnline's coverage includes:

- *Acts of the Parliament of the Commonwealth of Australia, 1901-2012*
- *Acts of the Parliament of Canada, 1792-2013*

Access to HeinOnline's digital collection will allow you to search across the full text of all the Acts of the Parliament, narrow your search to a specific year, or search across just the Tables or Table of Contents within each volume.*
