POP QUIZ

In what state is cannibalism only allowed “under life-threatening conditions as the only apparent means of survival?”

A) Wyoming

B) Illinois :)

C) Idaho

D) Alabama

In what state is cannibalism only allowed “under life-threatening conditions as the only apparent means of survival?”

POP QUIZ

C) Idaho

This is a bit of a trick question, as there are no laws explicitly against cannibalism, although most methods of procuring a dead body to consume would be considered illegal. But it's Idaho that has a law that directly states that cannibalism is illegal except in the most extreme of circumstances. Otherwise, it's punishable by up to 14 years in jail.
