Take Your Case Law Research to the Next Level

Case Law Premium (Powered by CourtListener)

Case Law Premium (Powered by CourtListener) is one of the most extensive collections of American case law available online, developed by the Free Law Project. Integrated seamlessly into HeinOnline, it provides researchers with access to over nine million precedential legal decisions from more than 2,000 courts, covering over 99% of all published rulings.

This continually updated resource is backed by CourtListener's commitment to data quality, combining machine learning, human verification, and direct court publishing.

Go Beyond the Basics with Case Law Premium

Every HeinOnline Core subscription includes Case Law Basic at no extra charge, with citation lookup, PDF downloading, and inline hyperlinking. For deeper insights and greater efficiency, Case Law Premium offers advanced features that save time, strengthen research, and connect case law with the full breadth of HeinOnline content.

Unlock Advanced Case Law Research

Case Law Premium gives you a suite of tools designed to make your research smarter, faster, and more connected.

Full-Text & Metadata Searching

Search by:

- Case Name
- Citation
- Keywords
- Author
- Party
- Dockey Number
- Court
- And more

ScholarCheck Integration

This tool enables users to link to related documents and to navigate seamlessly between:

- Cases that cite other cases
- Cases that cite other articles, or articles that cite cases

Case Law in Global Search Results

When searching from the Welcome page, relevant case law results are activated and displayed alongside other subscribed resources for a complete view of primary and secondary sources.

Go beyond the basics. Upgrade to Case Law Premium today for **50% off your first year.**
