

Session Laws Library and State Statutes: A Historical Archive

All States in the Session Laws Library are Available from Inception to Current

First released in 2007, HeinOnline's Digital Session Laws Library contains exact replications of the bound session laws of all 50 states, Puerto Rico, and the Virgin Islands. Updated monthly, this is an ever-expanding database. It is the only complete Online source of laws from all 50 states, beginning with territorial, colonial, and early statehood laws and continuing through to today. As new session laws are printed, they are added to the databases within 60 days of publication.

The database includes the *D.C. Register* and the Session Laws of the U.S. Federal Government, and features the entire back file of the Acts of Parliament of Canada and Acts of Parliament of Australia.
