Fastcase/HeinOnline

Account Synchronization

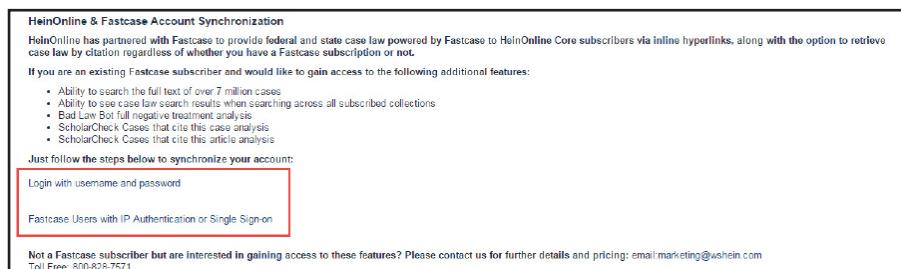

Instructions

If your institution subscribes to both HeinOnline and Fastcase, you can synchronize your accounts and take advantage of additional features offered with a joint subscription. Follow these simple steps to link your accounts today. Additional features include full text searchability and cited by case information for both cases and journal articles. There is no additional charge to synchronize existing accounts.

- 1 From the Case Law tab on the HeinOnline Welcome Page OR from inside a collection, click the link that says “Existing Fastcase subscriber? Click here to access additional features available with a joint subscription.”

- 2 Next, click either the link to **Login with your username and password** or the link to **Fastcase Users with IP authentication or single sign-on**. For IP authenticated users, ensure you are logged into your Fastcase Account.

- 3 Enter your username and password, and your accounts will be synchronized. For IP authenticated users, click the **Options** tab inside the Fastcase database, and select **User Token**. A token will appear which can be copied and pasted into HeinOnline, which will then synch the accounts.

HeinOnline Help & Training
